

Suggested Use: As a dietary supplement, take one (1) capsule one to three times per day, or as directed by a healthcare professional.

Caution: If you are pregnant, nursing, have a medical condition, or are taking medication, consult your healthcare professional before using this or any other nutritional supplement. Discontinue use if allergic reaction occurs.

Arginine and ornithine together help improve endurance, strength and recovery time. In studies they have

been shown to promote natural growth hormone (GH) release from the pituitary gland. GH promotes healthy anabolic metabolism throughout the body, helping to maintain youthful protein synthesis within cells resulting in development of more lean muscle mass.*

Olympian Labs, Inc. products are made with the highest quality ingredients and manufactured according to current Good Manufacturing Practices (cGMP).

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE.
