

Why Supplement with IP-6 & Inositol?

IP-6 & Inositol provides valuable health benefits by increasing levels of phosphates in your cells to help strengthen your immune system.*

While IP-6 is found in rice bran and other foods, there are good reasons to take an IP-6 & Inositol supplement. First, IP-6 is better absorbed in pure form without any competition from proteins and other nutrients. Besides, IP-6 is often lacking in foods that have been processed since IP-6 is usually found in the bran or hull, which is often milled away.

Why Supplement with Enzymatic Therapy Cell Forté IP-6 & Inositol?

Entrusting your immune health to the #1 Brand† is just plain smart. Cell Forté IP-6 & Inositol is the best-selling brand since 1998.† This special blend of IP-6 and Inositol is scientifically designed to promote your overall immune health.*

†SPINS IP-6 Ingredient Brand Report (SPINS 52 weeks ending 8-31-13; total U.S. X-WF).

Taking Immune Health to New Heights

It's time to take action toward building your immune health naturally with the powerful protection of Cell Forté IP-6 & Inositol, the leader since 1998.†

For maximum effectiveness, IP-6 (found in the rice bran of brown rice and other foods) and inositol (part of the vitamin B family) are featured together in a unique, powerful ratio found only in Cell Forté IP-6 & Inositol.

Cell Forté® IP-6 & Inositol supports natural killer-cell activity and helps promote overall immune function.*

Cell Forté IP-6 & Inositol is also available as a 14.6 oz (414 g) ultra-strength powder, and as vegetarian capsules in 120-count and 240-count bottles.
