

## Perika® Difference

### Helps Maintain a Healthy Emotional Outlook\*

The patented Perika extract (WS® 5570) is standardized to hyperforin—one of the key “mood enhancing” actives found in St. John’s Wort.\*

### HyperiSure® System Stabilizing Technology

Hyperforin is rather unstable and can lose potency over time. However, using our proprietary HyperiSure System stabilizing technology, Perika delivers a guaranteed level of hyperforin for optimal effectiveness.

Safety sealed for your protection with printed outer shrinkwrap and printed inner freshness seal under bottle cap. Do not use if either seal is broken or missing. Store in a cool, dry place. Keep bottle tightly closed. **Keep out of reach of children.**
