

FloraSMART™ is formulated by **Brenda Watson, C.N.C.**, president of ReNew Life Formulas and the founder of natural healthcare clinics specializing in digestive health. Brenda has found the probiotics in FloraSMART to support proper intestinal and immune health.*

6 Billion FLORA SMART™

What Makes FloraSMART Unique?

✓ BIO-tract® Patented Delivery Technology:

BIO-tract is an advanced delivery system proven to transport more beneficial probiotics directly to the intestines where they are most effective.

In the stomach, a protective natural gel forms around each caplet to protect it from harsh gastric acid. This helps deliver more live probiotics to the intestines over an optimal time frame.

✓ No Refrigeration Required

FloraSMART probiotics are shelf stable, which makes them ideal for travelers and for taking on the go.

BIO-tract® is a patented technology and registered trademark of Nutraceutix, Inc.

6 Billion FLORA SMART™

FloraSMART 6 Billion is an advanced daily maintenance probiotic with 6 billion live cultures per caplet and 10 strains of health-promoting microflora, including Bifidobacteria, Lactobacilli and Lactococcus cultures to promote a balanced intestinal environment and support overall digestive and immune health.*

During in-vitro testing in simulated stomach acid for two hours at 1.0 pH, FloraSMART delivered up to 97% of the beneficial bacteria as claimed on the label.

Quality and Purity Guaranteed
