PRODUCT BENEFITS: Acetyl L-Carnitine is similar in form to the amino acid L-Carnitine and plays a role in the metabolism of food into energy.* The acetyl group of Acetyl L-Carnitine contributes to the production of the neurotransmitter acetylcholine, which is required for cognitive function.* Acetyl L-Carnitine helps promote memory, and can be used as part of a healthy aging program.*

Directions: For adults, take one (1) capsule up to two times daily, preferably with a meal or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
