

Suggested usage: To make a delicious and satisfying smoothie, add 2 scoops (62.4 g) of SlimStyles® powder to 12–16 oz. of water and shake in a shaker cup or mix in a blender with ice, or use as directed by a health professional. Drink additional water (8–16 oz.) within an hour of drinking the smoothie.

When first taking SlimStyles®, begin with 1 scoop (31.2 g) in a 6–8 oz. glass of water and gradually increase to 2 scoops (62.4 g) as directed above.

Reduces appetite by promoting a feeling of fullness.* Helps lower the glycemic index.* Helps reduce elevated total and LDL cholesterol levels and promotes healthy blood sugar levels in those already within the normal range.*

Serving option: SlimStyles® makes a delicious pudding. Follow directions above. After mixing, pour into a bowl and refrigerate for 1 hour. Add ½ banana or other fruit for variety or use skim milk for higher calories and a creamier texture.

Notice: A small percentage of people may initially experience minor digestive changes when taking PGX®. Slowly work up to the full dose to give your body time to adjust. It is important to drink adequate amounts of water (8–16 oz.) after taking PGX®.

Cautions: If you are under 18 years of age, are pregnant or nursing, or have health concerns, consult your health professional before starting any weight loss plan. If taking medication, take one hour prior to, or two hours after taking PGX®. Keep out of the reach of children.

SlimStyles® is completely unique!

- High in protein
- Low glycemic index
- No artificial sweeteners or flavors
- Gluten free
- Reduces sugar and carbohydrate cravings*
- Provides an optimum blend of nutrients to support healthy weight loss (when combined with a healthy diet and regular exercise)*

SlimStyles® PGX® – The Weight Control Breakthrough

The most important advantage of SlimStyles® over other weight loss products is the clinically studied ingredient PGX®. PGX® (PolyGlycopleX®) is a novel complex of water-soluble polysaccharides that research has shown to safely and effectively support healthy blood sugar levels within normal ranges, reduce appetite and support weight management.*

PGX® is completely unique over other soluble fiber products in that significantly less PGX® is required to obtain the same important health benefits, including appetite control and reduced food cravings.* In addition, SlimStyles® makes a delicious creamy shake in a jiffy that provides a full spectrum of essential nutrients and protein combined with PGX®, which helps to keep you full and satisfied for up to 4 hours.*

Also try these delicious flavors: French Vanilla, Double Chocolate, and Very Strawberry.

PGX® PolyGlycopleX® and EnviroSimplex® are registered trademarks of InovoBiologic Inc.
