WHY CHOOSE ULTIMATE FLORA?

Highest Potency in One Capsule

Ultimate Flora MEGA POTENT 150 Billion is a superior-strength probiotic with 150 billion live cultures containing a unique blend of 40 raw, naturally-occurring **GPS Probiotic™** strains of beneficial flora—the most potent probiotic support available in a single capsule. It has been formulated to provide optimal digestive and immune system support.*

Targeted Release to Survive Stomach Acid

Ultimate Flora MEGA POTENT capsules feature a targeted-release technology that protects the live probiotics from harsh stomach acid so they survive and arrive alive in the intestines where they naturally occur and can provide the most benefit.

Guaranteed Potency

Stomach acid, excessive heat, moisture and time can destroy live probiotic cultures. From the store shelf all the way to your digestive tract, we guarantee the potency of Ultimate Flora high-potency probiotics until the expiration date on the label, not just at time of manufacture like many other probiotic supplements.*

Pure & Raw Probiotics

Ultimate Flora probiotics contain billions of raw, live probiotic cultures and contain no GMOs, wheat, gluten, eggs, shellfish, tree nuts or artificial ingredients.

GPS PROBIOTICS™ THE ULTIMATE FLORA ADVANTAGE

40 Naturally Occurring, Raw Probiotic Strains

Ultimate Flora MEGA POTENT 150 Billion is specially formulated with a proprietary blend of **40 raw GPS Probiotic™** strains (Gastrointestinal Probiotic Strains) that naturally occur in the human body. The strains in Ultimate Flora MEGA POTENT help replenish the good bacteria in your intestinal tract, which may be depleted due to age, poor diet, stress and other factors.*

This specifically-formulated probiotic:

- Provides potent digestive relief*
- Restores digestive balance*
- Promotes regularity*
- Supports immune health*

IMPORTANT PROBIOTIC STRAINS

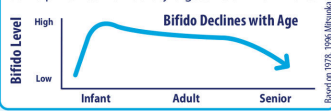

Lacto GPS Probiotic Strains: Target the small intestine where nutrient absorption and healthy digestion occur.*

Bifido GPS Probiotic Strains: Support a healthy large intestine (colon) where elimination occurs.*

High-Bifido Formula: Ultimate Flora Mega Potent contains billions more Bifido than Lacto cultures. This ratio more closely matches the healthy human digestive tract than either single-strain probiotics or probiotics containing more Lactobacilli.*

Why is a high-Bifido probiotic important?

As we age, our level of Bifido declines. Ultimate Flora MEGA POTENT contains almost 60% Bifido to help maintain a healthy digestive environment.*
