

A poor diet, stress, travel, antibiotic use, and certain medications can encourage "non-beneficial" bacteria to flourish in your intestinal tract and promote poor digestion and health. **LIFE™ Advanced Probiotics 150** provides 15 billion CFU of guaranteed** "friendly" bacteria from 8 probiotic strains that help restore the natural balance in your intestinal tract to support your digestion and immune health.*

Directions:

As a dietary supplement, take 1 chewable tablet per day. Continued daily use is suggested.

If experiencing digestive upset, take 1 chewable tablet twice daily until discomfort subsides.

When traveling, take 1 chewable tablet twice daily throughout your trip. For best results, start taking your chewable tablet 2 to 3 days before you start your trip.

Storage instructions:

Store in a cool, dry place away from direct sunlight. Do not exceed 24°C (75°F). Refrigeration is not required.

**Guaranteed potency through date on box when stored according to instructions above.

ADVANCED PROBIOTICS 150

15 Billion Active Cultures Guaranteed**
8 Probiotic Strains

L I F E

Probiotics are sensitive to light, heat, air, and moisture so in order to prolong their shelf life, LIFE™ uses a two-step packaging process. The initial step involves flushing the environment with nitrogen to remove oxygen and moisture. Each tablet is then individually sealed using low temperature cold foil seal technology to minimize heat and light.

Unlike some products, which measure the number of probiotic cultures at time of manufacture, LIFE™ guarantees the stated number of live probiotic cultures through the expiration date on the box.**

- Restores natural balance of friendly bacteria in your digestive tract*
- Supports healthy immune system*
- Sugar, dairy & gluten free
