

Black Walnut Liquid Extract

Ingredients: certified organic alcohol (37-47%), vegetable glycerin, acetic acid (0.35%) & Black Walnut extractives. **GLUTEN-FREE**

Fresh herb / menstruum ratio: 1 : 1.25

We prepare our Black Walnut Extract from the fresh (undried) fruit hulls of *Juglans nigra* trees which are **Sustainably Wildcrafted** in their native habitat.

To assure optimal extraction of Black Walnut's bioactive compounds, the fruits are hand-harvested only in autumn when their hulls are still green but are beginning to soften. The hulls are removed from the outside of the fruits and are then promptly extracted while still fresh and succulent.

BLACK WALNUT

CLEANSE & DETOXYFY

HERBAL SUPPLEMENT

4 fluid ounces (118.4 ml)
