

0 90700 00147 6

To assure optimal extraction of Elder's bioactive compounds, the flowers are hand-harvested only when fully opened and optimally rich in aromatic pollen, are meticulously shade-dried to retain their full color & aroma, and are then thoroughly extracted.

We prepare our Elder Extract from the whole flowers of *Sambucus nigra* trees which are **Certified Organically Grown.**

006

LIQUID HERBAL EXTRACT

ELDER
