LIQUID HERBAL EXTRACT

GOLDENROD

Solidago spp.
Fresh Flowering Tops

HERBAL DIETARY SUPPLEMENT
4 Fluid Ounces (118.4 ml)

We prepare our Goldenrod Extract from fresh (undried) flowering tops of *Solidago* spp. plants which are **Certified Organically Grown** on our own farm without the use of chemical fertilizers, pesticides or herbicides or are **Custom Wildcrafted™** in their natural wild habitat. To assure optimal extraction of Goldenrod's bioactive compounds, the uppermost tops of the plants are hand-harvested when just beginning to flower and are then taken directly to our laboratory and promptly extracted while still fresh and succulent.

Our Goldenrod is never fumigated or irradiated.

Fresh herb / menstruum ratio: 1 : 2

Contains **certified organic grain alcohol** (47-57%),
distilled water, vegetable glycerine
& Goldenrod extractives.
