Horsetail Liquid Extract

Ingredients: certified organic alcohol (29-39%)
& Horsetail extractives. **GLUTEN-FREE**

Fresh herb / menstruum ratio: 2 : 1

We prepare our Horsetail Extract from fresh
(undried) *Equisetum* spp. plants which are
Sustainably Wildcrafted during the spring in
their native habitat.

To assure thorough extraction of Horsetail's
bioactive compounds, we hand-harvest only
young infertile plants which are then taken
directly to our laboratory and promptly
extracted while still fresh & succulent.
