SUGGESTED USE

LIQUID HERBAL EXTRACT

SKUNK CABBAGE

Symplocarpus foetidus
Rhizome & Roots

HERBAL DIETARY SUPPLEMENT
4 Fluid Ounces (118.4 ml)

We prepare our Skunk Cabbage Extract from the rhizome & roots of *Symplocarpus foetidus* plants which are **Custom Wildcrafted™** in their natural wild habitat.

To assure optimal extraction of Skunk Cabbage's bioactive compounds, the rhizome (with its roots) is hand-harvested in late autumn or early spring, is carefully shade-dried to retain its full flavor & aroma, and is then thoroughly extracted.

Our Skunk Cabbage is not fumigated or irradiated.

Dry herb / menstruum ratio: 1 : 5

Contains **certified organic** grain alcohol (38-48%), distilled water & Skunk Cabbage extractives.
