DIGESTION & IMMUNITY*

WHY TAKE PRIMADOPHILUS® REUTERI?

Maintaining a proper level of *L. reuteri* (HA-188), *L. rhamnosus* and *L. acidophilus* in the intestinal tract can help:

- Support healthy immune function*
- Support healthy digestion and nutrient uptake*

What is Reuteri?

Pronounced roy'-tur-eye, this unique *Lactobacillus* is naturally found in human breast milk, and is one of the first defenses a nursing mother passes to her child. When taken as a supplement, reuteri colonizes in the intestine and provides healthy benefits.*
