

0 90700 00170 4

To assure optimal extraction of Hydrangea's bioactive compounds, the roots are hand-harvested only in autumn, are carefully shade-dried, and are then thoroughly extracted.

We prepare our Hydrangea Extract from the root of *Hydrangea arborescens* shrubs which are Custom Wildcrafted™ in their natural wild habitat.

LIQUID HERBAL EXTRACT

HYDRANGEA

Hydrangea arborescens
Whole Root

HERBAL SUPPLEMENT

4 fluid ounces (118.4 ml)
