It may be silent, and you can't feel it, but oxidative stress can damage the blueprint inside your cells (DNA). You need powerful compounds to fight back. But in order to work, they must be effectively absorbed. **BCM95®+OPC™** features 3 full-strength ingredients with proven absorption and efficacy that can provide life-changing benefits:

- **BCM-95® Curcumin**—up to 10 times the absorption and with up to 12-hour blood retention of standard extracts
- **High-OPC French Grape Seed Extract**—OPCs for high absorbability
- **Tumerones from Turmeric Oil**—rich in beneficial compounds for cellular health not found in standard curcumin*

This nutrient rich formula provides targeted cellular protection you need to support healthy aging and reduce the risk of oxidative damage. It's the natural choice to support your most critical health concerns and promote overall well-being, every day.*
