About Herbal Digestive Sweep™

Specially balanced to cleanse the bowel, the Digestive Sweep formula in this program contains Cascara sagrada bark.*

How it works. Cascara sagrada helps stimulate muscles in the intestine, which encourages healthy bowel elimination.*

Advantages. Cascara sagrada has the reliable strength to encourage healthy bowel elimination in most individuals.* Because of its strength, it should only be used occasionally for periods of 10 days or less.

Alternative. Some individuals prefer a non-stimulating approach to bowel cleansing.* For this purpose, Thisilyn Cleanse is also available with a **Mineral Digestive Sweep™** containing Magnesium hydroxide rather than Cascara sagrada.
