HERBAL D-TOX

EASY, 12-DAY WHOLE BODY HERBAL CLEANSE

For over 25 years, the Wild Rose Herbal D-Tox Program has been the leader in providing a complete detoxification of the liver, colon, kidneys and lymphatic system in Canada. By following the Recommended Diet and taking the herbal formulas provided, the Wild Rose Herbal D-Tox Program helps promote a healthy balance between assimilation and elimination.[†]

For many, a new detox is the beginning of a new lifestyle, and a time for breaking unwanted habits.[†] Whether to stay in good health, to support a specific health goal, or to use after over-consumption, a detoxification program can be an integral part of your personal approach to maintain overall health.
