Good health depends on a healthy digestive system. To achieve this, your body needs to maintain an optimal balance of beneficial bacteria versus bad, so that efficient digestion and maximum nutrient absorption can occur. **Lichi LactoSpore[®] Probiotic** helps facilitate this favorable balance and restore it when compromised by diet, disease, antibiotics, travel, stress or other factors.

Lichi LactoSpore[®] Probiotic provides the spore-forming bacteria *Bacillus coagulans* with clinically proven efficacy in supporting health and wellness. With its natural protective shell for superior survivability, **LactoSpore[®]** not only survives digestion, but proliferates in the small intestine. There it produces the healthful L-(+) form of lactic acid plus antibiotic-like substances to suppress harmful bacteria, helping to keep your digestive system in proper balance. Designed for convenience, once-daily **Lichi LactoSpore[®] Probiotic** needs no refrigeration and provides maximum benefits with no unpleasant side effects, gas or bloating, making it the perfect probiotic choice!*

DIRECTIONS: Take one tablet per day.

WARNINGS: Do not use if blister pack is broken. Consult a physician prior to use. Do not take if you are pregnant, breast feeding or plan on being pregnant. **KEEP OUT OF REACH OF CHILDREN.**
