LYC060

DIRECTIONS: Take 1-2 of each type of tablet a day, before a meal, or more as your health professional advises. Do not exceed recommended daily intake.

Professor Linus Pauling won Nobel Prizes for biochemistry and for peace, besides pioneering scientific studies of vitamin C. He originated the idea of combining vitamin C with the amino acid L-Lysine as a nutritional supplement.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

Please note: Contains separate L-Lysine and Vitamin C tablets, to be taken together.

Vitamin C

L-Lysine

This bottle has a UV filter.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
