TRUE FOOD® SUPERNUTRITION PLUS also contains B vitamins, betaglucans, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of *Saccharomyces cerevisiae* (food yeast).

DOES NOT CONTAIN: sugar, salt, lactose, dairy products, artificial preservatives, colours or flavourings.

Saccharomyces cerevisiae is grown in a non GM soya-based medium. The yeast cell walls are gently pre-digested and broken down with enzymes from pineapple and papaya fruit to release the nutrients within each cell.

Some people have an allergic response to yeast but the allergen, which causes an allergic response, is a protein on the yeast cell wall and when broken down the protein's ability to evoke an allergic response is largely lost.

Suitable for vegetarians and vegans.

This product is not tested on animals.

DIRECTIONS: Take 1-3 tablets (children over 8 years, 1-2 tablets) a day, with or between meals, or as your health professional advises. Do not exceed recommended daily intake. Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle. Fermentation is a very special process forming natural organic bonds and loose complexes which are then digested by enzymes for optimum bioavailability. The active nutrients are added to a completed fermentation of the culture *Saccharomyces cerevisiae*. As a guide, the nutrients in **TRUE FOOD® SUPERNUTRITION PLUS** are 2-8 times more bioavailable than standard isolated vitamins and minerals.

B vitamins may turn urine bright yellow - this is normal.

INGREDIENTS: Proprietary mixture: magnesium chloride, ascorbic acid, zinc sulphate, sodium molybdate, copper sulphate, ferrous fumarate, boric acid, silicon dioxide, niacinamide, chromium chloride, manganese chloride, biotin, d-alpha tocopherol, calcium pantothenate, citrus bioflavonoids, folic acid, riboflavin, potassium iodide, pyridoxine HCl, phytonadione, thiamine HCl, vitamin D2, cyanocobalamin, with enzyme digested *S. cerevisiae* (with soya); beta carotene, selenium enriched, enzyme digested *S. cerevisiae* (with soya); natural *Lithothamnion calcarea*, bulking agent: microcrystalline cellulose; anti-caking agent: magnesium stearate*; coating: methylcellulose, glycerine, natural vanilla flavour (sweetener: agave syrup; flavour: vanilla extract; colour: caramel); anticaking agent: silicon dioxide; emulsifier: sodium carboxymethyl cellulose. * (vegetarian source)

Oranges are used during the fermentation process.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
