GENEJOLT!

PROFESSIONAL STRENGTH

The Anti-Aging Grey Hair Fighter! †

Supports Immune Health!

Reduces Lipid Peroxidation!

Promotes Cellular Rejuvenation!

Promotes Temporary Relaxation!

Grey Defence® GeneJolt! does not work for all greying types and may not produce the results you desire; before purchasing please review our website FAQ to understand the product's limitations. By purchasing this product you agree to be bound by our refund policy in effect at the time of purchase for all damages including but not limited to direct, consequential, special, incidental and indirect damages, where such limitations are allowable by law.

NEW

Psychophysiological stress and reactive oxygen species (ROS) such as hydrogen peroxide and superoxides (free radicals) damages cells causing biological aging, immunosenescence and greying. Grey Defence® GENEJOLT! Professional Strength is formulated to neutralize ROS, rejuvenate cells, remediate immunosenescence and fight greying. †

Recommended Use: As a dietary supplement to fight greying and promote cellular rejuvenation. Take 3 capsule in the morning on empty stomach. Wait 45 minutes before consuming solid meal. For Adults age 21 and older.

CAUTION Do not exceed recommended dose. Pregnant or nursing mothers, children under 18 and individuals with a known medical condition should consult a physician before using this or any dietary supplement.

Keep out of reach of children.

Do not use if the safety seal is damaged or missing. Store in a cool dry place.

Do not take with multivitamins containing more than 200mcg Selenium daily dosage. To avoid inhibiting the anxiolytic effects do not exceed 500mg of caffeine per day. Not recommended for Individuals undergoing cancer and/or cardiovascular disease treatment, or taking medications for same.

If you have an auto-immune disorder, consult a health care practitioner prior to use. Hypersensitivity/allergy has been known to occur; in which case, discontinue use. In rare cases extracts from green tea have been reported to adversely affect the liver. Discontinue use and consult a healthcare practitioner if you have a liver disorder or develop symptoms of liver trouble, such as abdominal pain, dark urine, or jaundice. Individuals with bipolar disorder who are vulnerable to becoming manic when given antidepressants or stimulants should not use this product. For prolonged use, consult a health care practitioner.

† **DISCLAIMER:** By law the Food and Drug Administration does not pre-approve dietary supplements; therefore the preceding statements have not been evaluated by the FDA.

This product was manufactured in a GMP facility.
