LEAN BODY

HI-PROTEIN MEAL REPLACEMENT SHAKE

"Lean Body" will help you get leaner and stronger!

Lean Body's hi-protein meal replacement shake is the quick, convenient nutrition solution for hard training athletes who have little time to prepare meals. Forget other supplement pills and powders. You get it all in Lean Body's concentrated muscle-building, fat burning nutrition in one delicious, easy-to-make shake.

100% PROTEIN (whey concentrate) is the ratio of macro-nutrients consisting of healthy low-sodium, slow-release protein, high-fiber complex carbohydrates, and essential fatty acids. To support lean muscle growth, strength, and higher energy, all day long!

40g of LeanPro™ proprietary blend of fast-release and slow-release proteins, to give you a sustained flow of vital amino acids to keep your muscles growing. Amino acids support intracellular nitrogen retention levels for faster muscle growth and strength increases.

Over 1,000mg of BCAA's (Branched Chain Amino Acids) per serving. BCAA's have an anti-catabolic effect (prevents muscle tissue breakdown).

Just stir a packet of Lean Body into 10 oz. of cold water or skim milk and enjoy!
