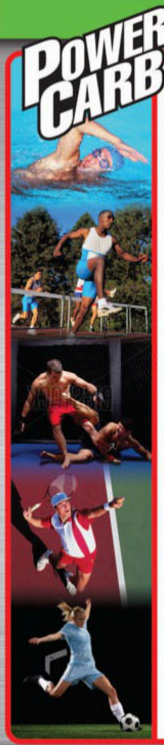
Gametime Performance Fuel with Electrolytes

POWER CARB™



Maximize Your Performance...Outlast Your Competition!

What is Power Carb™?

Power Carb™ is a patented carbohydrate "superfood" designed to improve athletic performance. Because ***Power Carb™*** is derived from natural sources, it can be safely used by athletes of all ages to boost energy and enhance recovery. ***Power Carb™*** is rapidly absorbed – up to 12 times faster than ordinary carbohydrates such as bread or pasta!

Simply mix ***Power Carb™*** with water and drink before athletic events to increase energy, and afterwards to speed up recovery. ***Power Carb™*** rapidly enhances muscular function and replenishes muscle energy (glycogen). ***Power Carb™*** **forces glycogen storage, resulting in a huge increase in energy and the ability to exercise harder and longer.** ***Power Carb™*** is fortified with electrolytes to replenish mineral loss from sweating. ***Power Carb™*** is a nutritional breakthrough that will forever change the way you play the game! You'll never suffer through a bad workout or flat athletic performance again!

How Does Power Carb™ Work?

Power Carb™ is a homopolysaccharide (homogenous, relatively-complex carbohydrate) made up of thousands of monosaccharides (sugar molecules) joined together by glycosidic bonds to form branched macromolecules (large molecules). The molecular mass (molecule size and weight) of ***Power Carb™*** **has been engineered to enhance gastric transit through the stomach at a rate much greater than common carbohydrates such as waxy maize, maltodextrins, breads, pasta, or rice.**

Power Carb™ is produced from natural complex carbohydrate sources using a newly-developed, patent pending "Enzymatic Milling Process."

What Can Power Carb™ Do For Me?

Use *Power Carb™* before, during and right after training or games to boost your energy, prevent the onset of fatigue, and then jumpstart the glycogen recharging process to shorten your post training recovery time. *Power Carb™* is excellent for athletes who have multiple training sessions or games per day – use it to decrease down time and increase energy for an extra 1–2 hours. *Power Carb™* is SUGAR-FREE, completely instant, and easily digestible! It is absorbed very quickly without stomach bloating or discomfort. Unlike conventional sports drinks, ***Power Carb™*** will not "weigh you down" or make you feel bloated.

Does Power Carb™ Rehydrate Me?

YES! Because *Power Carb™* passes through the stomach very quickly, it acts like a pump, pulling water and electrolytes along with it, which are then shuttled into your muscle cells. Unlike conventional carbohydrate sports drinks, *Power Carb™* will not pull water from the intestines. In fact, it increases water uptake, resulting in much higher hydration.

Is Power Carb™ Right For Me?

Power Carb™ **is a safe, powerful performance supplement for athletes of all ages.** ***Power Carb™*** works equally well, whether you are a strength or endurance athlete! Great for fitness enthusiasts, runners, bicyclists, ball players, tri-athletes, bodybuilders, and weightlifters.

Ingredients: Power Carb™ (Karbo-Lyn® homopolysaccharide derived from potato, rice, corn), Gametime Electrolyte Blend (Sodium Chloride, Potassium Phosphate, Magnesium Succinate, Calcium Gluconate), Citric Acid, Natural Flavor, Sucralose.
Karbo-Lyn® is a registered trademark of All American Pharmaceutical.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Directions:

Pre-Game/Training – Mix 1 to 2 scoops of ***Power Carb™*** in 20 oz. of water, and consume 15–20 minutes prior to physical activity. Drink slowly.

Post-Game/Workout – Mix 1 to 2 scoops of ***Power Carb™*** in 20 oz. of water, and consume immediately after activity to jump start muscle energy (glycogen) replenishment and recovery.

WARNING: Due to the extremely fast uptake of ***Power Carb™***, it is important to drink plenty of water to maximize its effects. Consume at least 20 ounces of cold water with each serving.

If you are a diabetic, consult your physician before using *Power Carb™*.
