WOMEN'S

Multivitamin/Mineral

High potency supplement providing essential vitamins and minerals that help promote sugar and fat metabolism while supporting energy metabolism.* Also contains Vitamins C and E for antioxidant health. Vitamin A for eye health and B-6, B-12 and Folic Acid for heart health.*

Vitamin C with Bioflavonoids

Vitamin C plays an important role in supporting immune function.* As an antioxidant Vitamin Chelps fight cell-damaging free radicals in the body.*

B-Complex

Made up of several B vitamins that work well together to support nervous system health and energy metabolism.* Each nutrient in the B Vitamin complex performs a unique role in providing nourishment for the occasional stress of daily living and is essential for well-being.*

Chromium Picolinate

Chromium works to support your body's use of sugar and also plays a role in the metabolism of proteins and fats.*

Fish Oil 1000 mg with Omega 3

Contains EPA and DHA, two fatty acids vital for good health.* The Omega-3 fatty acids are important for cellular, heart and metabolic health.*

Calcium with Vitamin D

Calcium is the primary mineral responsible for strong hones and Vitamin D. aids in the absorption of Calcium.* Because the body cannot produce Calcium, a balanced diet, regular exercise, healthy lifestyle choices and adequate intake of Calcium and Vitamin D can play a role in maintaining bone health.*

Vitamin D

Vitamin D supports normal antibody production by the immune system.* Evidence indicates increasing Vitamin D intake may support the health of the colon and the pancreas.* Vitamin D3 is a potent and active form of Vitamin D.
