

controlled-release
sleep

SHAKE
WELL

Now, sleeplessness
is nothing to lose
any sleep over.

We use revolutionary controlled-release technology to promote a great night's sleep and a well-rested morning.*

RECOMMENDED USE: For occasional sleeplessness, consume one bottle 30 minutes before rest, and can rest for at least (7) hours. Find out more at www.theSleepShot.com

WARNING: † Do not use if you are pregnant, nursing or under 18 years of age. Do not exceed one bottle daily. For occasional use only. Consult your doctor before use if you have any medical conditions or are taking medications.

This product delivers an initial release of a sleep blend followed by an additional controlled-release of the sleep blend (melatonin) over several hours. This product may cause drowsiness. Do not drive or operate machinery when taking this product. Individual results may vary.
