†RDA = Recommended Daily Allowance

May not be suitable for people with a fish or crustacean allergy.

TRUE FOOD® ALL MAN also contains B vitamins, betaglucans, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of *Saccharomyces cerevisiae* (Food yeast).**DOES NOT CONTAIN:** lactose, dairy products, artificial preservatives, colours or flavourings.*Saccharomyces cerevisiae* is grown in a non GM soya-based medium. The yeast cell walls are gently pre-digested and broken down with enzymes from pineapple and papaya fruit to release the nutrients within each cell.

Some people have an allergic response to yeast but the allergen, which causes an allergic response, is a protein on the yeast cell wall and when broken down the protein's ability to evoke an allergic response is largely lost.

Suitable for vegetarians and vegans.**This product is not tested on animals.****HIGHER NATURE®****TRUE FOOD
