

HARD WHEY HYDRO4

SUGGESTED USE:

As a dietary supplement, take 1 Scoop (30g) of **HYDRO 4™** with 6-12 oz. (depending on taste preference) of Ice Cold Water. **HYDRO 4™** is best first thing in the morning, (as an Anabolic Switch Agent) before workouts, (as an Anabolic Nutrient Primer) and immediately after workouts (as a Post Workout Recovery Agent).

As a result of hydrogenating the Whey Protein Isolate in HYDRO 4 we've fashioned the most advanced whey protein to date. The Hydrogenating Process breaks larger proteins down into Micro Sized pieces (called peptides) that are able to penetrate into your system much faster than one before, enabling your muscles to start rebuilding immediately. Other key benefits of this process include the extreme reduction of CALORIES, FAT, CHOLESTEROL, and the removal of lactose (LACTOSE).

HYDRO-4™ is enhanced with Glutathione, Tri-Peptide Based Amino Acids, Digestive Enzymes, Reagent-Grade Carbohydride Extract, Vitamins & Minerals, thus making it the new KING of Hydrolyzed Whey Protein! (YOU WANTED THE BEST PROTEIN SCIENCE HAD TO OFFER? YOU GOT IT!) :

- BEST TASTING PROTEIN ON THE PLANET²**
PRE-DIGESTED FOR INSTANT FAST ABSORPTION¹
KICK STARTS MUSCLE REPAIR AND RECOVERY¹
IDEAL FOR BURNING OFF MUSCLE AND SKELETON BODY FAT²
