

Symbiotics® Arthro Formula with Glucosamine Sulfate, MSM, Cetyl Myristoleate and Lipase Enzyme provides extra support for healthy bones & joints.*

Symbiotics® Arthro Formula contains Colostrum Plus® so it actually replenishes your immune defense system with the full range of Immunoglobulins including IgA, IgD, IgE, IgG and IgM. Colostrum can help add back antibodies and immune factors. Our unique BIO-lipid™ coating insures bio-availability. Without this protective layer, other Colostrum products can be destroyed by stomach acids and offer limited benefit.*

Colostrum Plus® comes from USDA Grade A dairies that are hormone, pesticide, antibiotic and rBST free. We use only the first 2 milkings to guarantee potency and quality. If you're not satisfied, just mail in your bottle and cash register receipt for a full purchase price refund.
