Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition including glaucoma. This supplement should be avoided by persons with herpes simplex unless otherwise prescribed by a physician. Do not use if you have had a myocardial infarction or have established coronary artery disease. Consult physician if you have impaired kidney function or are taking any prescription medications that affect kidney function. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

AAKG (Arginine Alpha-Ketoglutarate) is a metabolic derivative of Arginine, which is a conditionally essential amino acid that has a number of vital roles in the body. Arginine plays a pivotal role in the urea cycle, helping to rid the body of excess ammonia. This amino acid is also important in protein synthesis as well as for the support of healthy immune function. As AAKG, this form of Arginine is a key player in amino acid metabolism.*

SUGGESTED USAGE: As a dietary supplement, mix 1 ½ level teaspoons (4.2 g) of NOW® AAKG Powder into water or your favorite juice. Take 2-3 times daily on an empty stomach. Not recommended for continuous, high-level use for more than 60 days.
