HERBAL SUPPLEMENT

Men all over the world are discovering the beneficial properties of *Saw Palmetto*. *Saw Palmetto* is derived from the berries of the *Saw Palmetto* tree, and is the leading herb for men's health.* *Saw Palmetto* contains phytochemicals, which support prostate and urinary health in men.* Our *Saw Palmetto* formula is fully assayed and tested. This means that you receive a dietary supplement that is superior in purity and quality. So discover the beneficial properties of *Saw Palmetto* - specially designed for a man's prostate health.*

Each Nature's Bounty Softgel provides you with a whole herb concentrate in a convenient, soft gelatin capsule. We start with the whole raw herb, eliminate the bulk of the cellulose and other inert ingredients to produce a concentrated extract that retains the botanical's original phytochemicals. These extracts are traditionally described as a ratio 4:1 extract, for example, means that four parts of raw herb have been condensed down to one part herbal concentrate.
