*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

7-KETO®

7-Keto-DHEA is a natural metabolite of Dehydroepiandrosterone (DHEA). 7-Keto-DHEA is involved in many biological functions including cellular production of heat (thermogenesis). DHEA production and 7-Keto-DHEA, as well as metabolic rate, are known to naturally decrease with age. Clinical studies demonstrate that 7-KETO® can assist in the maintenance of a healthy body weight along with a proper diet and exercise regimen. NOW® 7-KETO® LeanGels™ also includes CLA, Green Tea Extract, Acetyl-L-Carnitine, and Rhodiola extract as natural complements to 7-KETO®.*

SUGGESTED USAGE: As a dietary supplement, take 1 softgel 2 times daily with food.
