

Boswellia Serrata extract contains an active ingredient called beta Boswellic Acid which has shown to be effective for the treatment of arthritis pain, muscular spasm, nerve pain and ligament strain and sprain. Boswellia Serrata extract is effective as an analgesic, anti-inflammatory and sedative agent similar to nonsteroidal anti-inflammatory drugs (NSAIDS) in the treatment of arthritis. Mucuna Pruriens extract helps increase the release of dopamine level in the body and brain to act as a natural pain reliever. Green Lipped Mussel is a New Zealand Shellfish useful in the treatment of Rheumatoid arthritis and Osteoarthritis. Collagen helps with the healing and repairing damaged bones and cartilages.

Suggested Use:

As a dietary supplement, take 2 capsules daily.
