FOOD SUPPLEMENT

GINKGO BILOBA 6000 30 tablets

DIRECTIONS: Adults and children over 12 years, take 1 tablet a day, with meals, or as your health professional advises.

Not advisable if pregnant, or taking aspirin or warfarin.

The ancient *Ginkgo biloba* tree is known today as 'white fruit', possibly due to its pale nuts, which are widely eaten in Asia as both a tasty snack and in savoury and sweet dishes. Its leaves are infused in hot water and then drunk as a tea. Ginkgo tea contains the flavonoids quercetin, catechin and rutin. The Japanese tea ceremony school, Urasenke, uses the Ginkgo leaf as its symbol.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

This bottle has a UV filter.

Keep out of reach of children.

Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
