

Natural Energizers Without Caffeine:

American Ginseng – traditionally used in Chinese medicine as an adaptogen to increase energy. Yohimbe, with defined Yohimbine content, gives extra energy and stamina.

Natural Stress Relievers and Focusing

Factors: Tyrosine supports mood enhancement. GABA assists in the good transmission of nerve impulses and promoting relaxation and focus. It also helps enhance sexual release and increases the level of dopamine, the “feel good” hormone. Epimedium reduces Cortisol production thereby decreasing the stress hormone. Muira Puama is a nerve tonic used in traditional herbal medicine to promote relaxation. This Amazonian herb fortifies and stimulates women’s libido by increasing blood flow to the pelvic region which increases sensitivity and sensation.

Testosterone Freeing Factors: Avena Sativa – frees bound testosterone making it more active and available. L-Histidine – primary building block for an orgasm in women. This utilizes existing testosterone to enjoy the benefits of women’s natural testosterone without the side effects of taking testosterone.

Also contains: Maca - a Peruvian plant that increases libido, stamina and energy, can help normalize sex hormones and decrease stress. Oat Straw - Calcium and Silica rich, this herb soothes and calms the nervous system, decreases anxiety and stress, known as an herbal “love potion.” Damiana - stimulates blood flow to the female organs while enhancing pleasure and supporting hormonal system health.
