HIGHER NATURE®

VISUALEYES

with lutein & zeaxanthin

90 capsules
VEGAN
FOOD SUPPLEMENT

VISUALEYES

90 capsules

✓ Vitamins A, B2 and Zinc contribute to maintenance of normal vision.

DIRECTIONS: Take 1-2 capsules a day, with meals, or as your health professional advises. Do not exceed recommended daily intake.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

Lutein and Zeaxanthin are 'carotenoids', natural substances found in dark green leafy vegetables. Lutein and Zeaxanthin are concentrated in the retina of the eye and particularly in the macula.

B vitamins may turn urine bright yellow - this is normal.
