DIRECTIONS: Take 1-2 capsules (children over 8 years, 1 capsule) a day, between meals, or as your health professional advises. Do not exceed recommended daily intake.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

Not advisable if taking warfarin.

CranRich™ is concentrated whole cranberry fruit, including the skin, seeds, fibre and juice, and guaranteed standardised fruit extract. One 500mg capsule provides the equivalent of 18g of fresh cranberries. CranRich™ is the perfect alternative to drinking cranberry juice, without the sour taste, added sugar or calories of juice. It's tooth-friendly too. Cranberries naturally contain anthocyanidins, proanthocyanidins and flavonoids. Indigenous American Indians ate cranberries as part of their diet.

This bottle has a UV filter.
Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
