DOES NOT CONTAIN: sugar, lactose, dairy products, artificial preservatives, colours or flavourings.

TRUE FOOD® SUPERNUTRITION PLUS also contains B vitamins, betaglucons, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of *Saccharomyces cerevisiae* (food yeast).

Saccharomyces cerevisiae is grown in a non GM soya-based medium. The yeast cell walls are gently pre-digested and broken down with enzymes from pineapple and papaya fruit to release the nutrients within each cell.

Yeasts take in nutrients rather than consuming them so are valued food sources for nutrients.

Suitable for vegetarians and vegans.

This product is not tested on animals.
