

PRODUCT INFORMATION

One tablet typically provides:

Fermentation-activated organically grown whole soya 1000mg

Providing total isoflavones 40mg

Typically releasing the active isoflavones:

Genistein 900µg (0.09% of total)

Diadzein 3200µg (0.32% of total)

Glycitein 2700µg (0.27% of total)

INGREDIENTS: Enzyme pre-digested organically grown whole soya fermented with *Saccharomyces cerevisiae*, anti-caking agent: stearic acid*; anti-caking agent: silicon dioxide; anti-caking agent: magnesium stearate*; coating: methylcellulose, glycerine, natural vanilla flavour (agave syrup; flavour: vanilla extract; colour: caramel). *(vegetarian source)

DOES NOT CONTAIN: salt, starch, wheat, gluten, maize, corn, lactose, dairy products, artificial preservatives, colours or flavourings.

SUPERPOTENCY SOYAGEN® also contains B vitamins, betaglucans, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of *Saccharomyces cerevisiae* (food yeast).

Saccharomyces cerevisiae is grown in a certified non GM whole soya medium. The yeast cell walls are gently pre-digested and broken down with enzymes from pineapple and papaya fruit to release the nutrients within each cell.

Yeasts take in nutrients rather than consuming them so are valued food sources for nutrients.

Suitable for vegetarians and vegans.

This product is not tested on animals.

Charitable organisations policy: supplements regularly donated

VEGAN
FOOD SUPPLEMENT

SUPERPOTENCY SOYAGEN® 30 tablets

TSS030

111

full 40mg total active isoflavones

DIRECTIONS: Take 1 tablet a day, with or between meals, or as your health professional advises. Do not exceed recommended daily intake.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

SUPERPOTENCY SOYAGEN® is more concentrated than **SOYAGEN®** so only 1 tablet a day is needed.

TRUE FOOD® SUPERPOTENCY SOYAGEN® is made using a very special fermentation process, which significantly increases the concentration of active isoflavones. A culture of *Saccharomyces cerevisiae* is grown in a whole soya medium and forms natural bonds in a true food form for better absorption in the gut and optimum bioavailability.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
