## PRODUCT INFORMATION

Glycetein

One tablet typically provides:

Fermentation-activated organically grown whole sova Providing total isoflavones

Typically releasing the active isoflavones: Genistein Diadzein 3200ug

2700µg

INGREDIENTS: Enzyme pre-digested whole sova fermented with Saccharomyces cerevisiae, anti-caking agent: stearic acid\*; anti-caking agent: silicon dioxide; anti-caking agent: magnesium stearate\*; coating: methylcellulose, glycerine, natural vanilla flavour (agave syrup; flavour: vanilla extract; colour: caramel). \*(vegetarian source)

DOES NOT CONTAIN: salt, starch, wheat, gluten, maize, corn, lactose, dairy products, artificial preservatives, colours or flavourings.

SUPERPOTENCY SOYAGEN® also contains B vitamins.

betaglucans, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of Saccharomyces cerevisiae (food yeast).

Saccharomyces cerevisiae is grown in a certified non GM whole sova medium. The yeast cell walls are gently pre-digested and broken down with enzymes from pineapple and papaya fruit to release the nutrients within each cell.

Yeasts take in nutrients rather than consuming them so are valued food sources for nutrients.

Suitable for vegetarians and vegans.

This product is not tested on animals.

Charitable organisations policy: supplements regularly donated

fermented whole soya for highest active isoflavones plus a full spectrum of food-based nutrients 90 tablets VEGAN **FOOD SUPPLEMENT** 

## **SUPERPOTENCY SOYAGEN®** 90 tablets

full 40mg total active isoflavones

**DIRECTIONS:** Take 1 tablet a day, with or between meals, or as your health professional advises. Do not exceed recommended daily intake. Food supplements should not be used as a substitute for a varied and balanced diet and

SUPERPOTENCY SOYAGEN® is more concentrated than SOYAGEN® so only 1 tablet a

TRUE FOOD® SUPERPOTENCY SOVAGEN® is made using a very special fermentation process, which significantly increases the concentration of active isoflavones. A culture of Saccharomyces cerevisiae is grown in a whole sova medium and forms natural bonds in a true food form for better absorption in the gut and optimum bioavailability.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
