Health Benefits of Omega-3*

Scientific research confirms that Omega-3 supplementation supports heart health by helping to maintain healthy cholesterol, triglyceride and blood pressure levels already in the normal range.* Omega-3s help maintain these key markers by supporting the body's normal inflammatory response, promoting optimal heart, blood vessel and joint health.*

Norwegian Gold Critical Omega provides 900 mg of Omega-3 per softgel.

No Fishy Aftertaste and Increased Omega-3 Absorption*

Enteric-coating helps each Norwegian Gold softgel bypass the stomach to release in the intestines for no fishy aftertaste and better absorption of the Omega-3s.*

Natural Lipase is added to further aid in Omega-3 absorption. Lipase is essential for oil digestion, yet other fish oils lack this powerful fat-splitting enzyme.*

Norwegian Gold Advanced Omega-3 Fish Oils from ReNew Life surpass world standards to bring you the ultimate in potency, freshness and purity. They are backed by rigorous quality systems and testing so all you receive are the superior natural benefits of some of the purest fish oils on earth.
That's our promise to you.

What Makes Norwegian Gold Omega-3 Fish Oils So Advanced?

Each Norwegian Gold softgel provides all the benefits of expertly formulated, highly absorbable Omega-3 fish oils and so much more.

- ✓ Highest potency of Omega-3s per softgel
- ✓ Burp-free enteric coating
- ✓ Enhanced digestion with lipase for better Omega-3 absorption†
- ✓ One softgel per day
- ✓ Certified highest 5-star purity rating
- ✓ Fresh-Assure glass bottle to protect softgels from damaging light and moisture
- ✓ Fish gelatin softgels

When Purity Matters Most

This product has received the highest 5-star rating from the International Fish Oil Standards (IFOS) program, the world leader in Omega-3 testing. This certifies that each batch exceeds all U.S. and international pharmaceutical standards for **freshness, purity and potency.**

Visit the IFOS website at www.ifosprogram.com to monitor the test results of this and every batch of Norwegian Gold Advanced Fish Oils.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

†Supportive but not conclusive research shows that consumption of EPA & DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.
