

YOUR PERSONAL ENDURANCE BOOSTER

Hydration is critical...especially when your activity levels increase. Of course, you already knew that, which is why you choose GQ-6 FLOODID. It's got the osmolality to get you rapidly hydrated and on your game. But when you really stretch the duration of your activity to the limit, you want a bit more. You want something that will boost your endurance over the hump, through the wall, and past the bonk. You want to experience what you can truly achieve.

That's why we developed Re-Ful Endurance, the scientific approach to endurance potential. It's your personal endurance booster with research-backed premium actives. Re-Ful Endurance can be added to FLOODID, or your favorite beverage (although FLOODID is better for its absorption). Re-Ful Endurance supports your ENDURANCE with sodium and potassium bicarbonates. It helps generate muscle POWER with CarnoSyn®, a unique ingredient that may reduce exercise "burn." For you, Re-Ful Endurance is all about driving the PERSERVERENCE to experience your full potential.†
