

STAY STRONG.

Body Pro™ is one of the ultimate sources of essential proteins and key nutrients needed to sustain a healthy lifestyle and maximize results from any workout regimen.

Femme Factor™ has incorporated three exceptional protein sources into one outstanding supplement. Whey concentrate absorbs quickly to help stimulate protein synthesis, while egg and micellar casein release slowly to prevent protein breakdown. The result? Sustained fuel for more productive workouts. No spikes. No crashes.

Plus, Body Pro's unique vitamin and mineral blend supports the specific health needs of women. And at less than 100 calories per serving, Body Pro will complement—not undo—the effort you have already put toward maintaining a healthy weight.

Directions:

As a dietary supplement, mix 2 level scoops with 8-10 ounces of cold water and blend well.
