- Facilitate proper muscle function and repair of connective tissue*
- Promote natural, healthy intestinal flora*
- Help support a healthy immune system*

For complete benefit details, visit myvega.com

Directions (adults):

Mix one level scoop of Vega One Nutritional Shake in 1–1.5 cups (250–375 ml) of ice-cold water, juice or non-dairy beverage, shake well and enjoy.

Vega One is also a delicious, nutrient-supplementing addition to your favorite smoothie recipe—just blend and thrive! Take one or more servings daily for optimal health.*

After opening, store in a cool dry place with lid tightly closed.

Notice to First-Time Users: As with any positive dietary change, some people may experience temporary cleansing-type symptoms including headaches, constipation, diarrhea and nausea when first taking Vega One. To minimize symptoms, start with one-quarter of a serving and gradually increase intake over the next few weeks. Be sure to drink plenty of water (at least 8 cups a day) with increased dietary fiber intake.

Cautions: Consult a health care practitioner prior to use if you are taking blood thinners (due to vitamin K) or if you are pregnant or breastfeeding (due to grape seed extract). People sensitive to niacin may experience mild flushing of the skin. Discontinue use and consult a health care practitioner if you experience the following: hypersensitivity to flax seed; symptoms of digestive upset (e.g., diarrhea) occur, worsen, or persist beyond 3 days; nausea, fever, vomiting, diarrhea or severe abdominal pain; an immune-compromised condition (e.g., AIDS, lymphoma, patients undergoing long-term corticosteroid treatment).
