

PRODUCT INFORMATION

Two tablets typically provide:

Magnesium	100mg	%RDA* 26
-----------	-------	-------------

*RDA = Recommended Daily Allowance

INGREDIENTS: Proprietary mixture: magnesium chloride with enzyme digested *Saccharomyces cerevisiae* (with soya); bulking agent: microcrystalline cellulose; anti-caking agent: magnesium stearate*; anti-caking agent: silicon dioxide; coating: methylcellulose, glycerine, natural vanilla flavour (agave syrup; flavour: vanilla extract; colour: caramel).
*(vegetarian source)

DOES NOT CONTAIN: salt, starch, wheat, gluten, maize/corn, lactose, dairy products, artificial preservatives, colours or flavourings.

TRUE FOOD® MAGNESIUM also contains B vitamins, betaglucans, glutathione, choline, inositol, amino acids and other phytonutrients naturally found in fermented food cultures of *Saccharomyces cerevisiae* (food yeast).

Saccharomyces cerevisiae is grown in a non GM soya-based medium. The yeast cell walls are gently pre-digested and broken down with pineapple enzymes to release the nutrients within each cell.

Yeasts take in nutrients rather than consuming them so are valued food sources for nutrients.

Suitable for vegetarians and vegans.

This product is not tested on animals.

HIGHER NATURE®

TRUE FOOD MAGNESIUM

plus a full spectrum
of food-based nutrients

30 tablets
VEGAN
FOOD SUPPLEMENT

MAGNESIUM

DIRECTIONS: Take 2-3 tablets (children over 8 years, 1-2 tablets) a day, with or between meals, or as your health professional advises. Do not exceed recommended daily intake.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

Magnesium is added to a completed fermentation of the culture *Saccharomyces cerevisiae* to form a homogenous mixture for better absorption in the gut and optimum bioavailability of all nutrients. As a guide one 50mg tablet is comparable in effect to 200mg of standard isolated magnesium supplements.

Keep out of reach of children. Ensure lid is tight and store in a cool, dry, steam-free environment as damp conditions can affect the product quality.
