

THE WORLD'S FIRST HIGHLY ANABOLIC ALL BEEF MASS BUILDER!

Welcome to a New Era in Mass Building Supplementation with
CARNIVOR MASS – The Fast, Clean and Highly Anabolic Mass Gainer!

The days of loading your body with empty fat storing calories are over. **Calories don't stimulate muscle growth – anabolism does!** High-speed macronutrient delivery with near-perfect insulin optimization sets CARNIVOR MASS apart from all others. Research shows that fast proteins combined with elevated insulin enhance muscle anabolism (growth) when combined with resistance training. CARNIVOR MASS makes this possible with MuscleMeds world famous Beef Protein Isolate (BPI) acting in combination with iSpike, a dual insulin release/insulin signal amplifying technology not found in any other supplement.*

Beef Protein Isolate: Beef has proven itself as a favorite anabolic protein source for many champion bodybuilders. MuscleMeds advanced hydrolyzed Beef Protein Isolate is capable of delivering rapid absorption of high concentrations of amino acids. CARNIVOR MASS provides the mass building benefits of beef "at the speed of whey," without the lactose, fat, cholesterol and other problems associated with dairy products. MuscleMeds BPI is 350% more concentrated in amino acids than steak and more concentrated than whey. And it's enhanced with 5 grams of creatine and additional BCAAs for even greater anabolic power!*

iSpike is an exclusive MuscleMeds technology designed to harness the full anabolic impact of insulin. Using fast-acting, reactive-enhanced microparticulated carbs and the novel insulin potentiators Chromium 454 (Cr454) and D-pinitol (a cyclitol), iSPIKE causes a rapid elevation in insulin while simultaneously amplifying insulin signaling at the muscle receptors to potentiate maximum muscle growth, glycogen replenishment and tissue regeneration. iSPIKE works so fast and is so powerful, it helps stimulate anabolism within 30 minutes of your first delicious serving. This is the desired anabolic effect you want from your mass gainer and it can only be achieved with CARNIVOR MASS... **the new breed mass builder from MuscleMeds!***

NEW FLAVOR!

MuscleMeds™
PERFORMANCE TECHNOLOGIES

ANABOLIC BEEF PROTEIN GAINER*

CARNIVOR MASS™

HYDROLYZED BEEF PROTEIN ISOLATE

HIGH IMPACT REACTIVE CARBS

INSULIN AMPLIFICATION AND SIGNALING*

LOADED WITH CREATINE AND BCAAs

iSPIKE

Dietary Supplement
Net Wt. 6 lbs. (2,730g)

ADVANCED FLAVOR TECHNOLOGY
CHOCOLATE PEANUT BUTTER

Naturally and Artificially Flavored

**50
GRAMS
PROTEIN!**

SUGAR FREE • CHOLESTEROL FREE • LACTOSE FREE • GLUTEN FREE

Directions: Add 16 fl. oz. of water to a shaker bottle, blender or other container. Add 4 scoops of CARNIVOR MASS. Mix or blend until the desired texture is achieved before drinking. For a thicker, sweeter shake, add less water. For a thinner shake, add more water.

Supplement Facts

Serving Size: 4 scoops (195 g)

Servings Per Container: Approximately 14

	Amount Per Serving	% Daily Value
Calories	715	
Calories from Fat	15	
Total Fat	2 g	3%†
Cholesterol	5 mg	2%†
Total Carbohydrate	125 g	42%†
Dietary Fiber	1 g	5%
Protein	50 g	100%†
Chromium (as Chromium 454® Bio-Organic Yeast Nutrin)	200 mcg	167%
Sodium	600 mg	25%
Potassium	165 mg	5%

† Percent Daily Values are based on a 2,000 calorie diet.

‡ Daily Value not established.

Ingredients: **iSPIKE Technology** [consisting of Insulin-Release-Amplifying Reactive Carbohydrate System (micronparticulated maltodextrin, micronparticulated waxy maize, amylase and gluco-amylase) and Insulin-Signal-Amplifying System (Agaricus blazei, D-pinitol, 4-hydroxyisoleucine and patent-pending Chromium 454®)], CARNIVOR BPI [consisting of Hydrolyzed Beef Protein Isolate, creatine monohydrate, L-glutamine, Branched Chain Amino Acids (BCAAs: L-leucine, L-valine and L-isoleucine) and Anabolic Nitrogen Retention Technology™ Intermediates: GKG (glutamine-alpha-ketoglutarate), OKG (ornithine-alpha-ketoglutarate), AKG (alpha-ketoglutarate) and KIC (alpha-ketoisocaproate)], hydrolyzed gelatin, cocoa, natural and artificial flavors, peanut flour, medium chain triglycerides (MCTs), salt, acesulfame potassium, sucralose.

Contains: Peanuts.
