GNC
PRO PERFORMANCE

Pro Performance® 100% Whey Protein delivers an ultra-high quality macronutrient protein formula with high amounts of naturally occurring amino acids the body needs every day. Whey protein is essential in any nutrition regimen, regardless of age or activity, providing a catalyst to the body for protein synthesis and muscle growth. Far superior to other protein supplements, this advanced formula will provide your body with the pure, clean, high-quality protein you need to fuel muscles while maximizing recovery. Don't take chances with your results – get GNC Pro Performance® 100% Whey Protein and feed your body what it needs.

THE PRO PERFORMANCE® RESULTS ADVANTAGE

When GNC's team of research scientists looked to improve this 100% Whey Protein formula, they knew the answer was "more," specifically through a higher protein formula to enhance nitrogen retention. Your muscles can only grow when your body retains enough nitrogen. And one of the most effective sources of nitrogen for fueling lean muscle mass is whey protein. The specially manufactured, ultra-microfiltered whey protein found in this formula delivers naturally-occurring anabolic amino acids into your bloodstream. This spike in amino acids provides nitrogen and subsequently creates a nitrogen-rich environment needed for maximum muscle protein synthesis. Protein synthesis is crucial to the building of lean muscle mass. The nitrogen factor of this product is 24.

THE PRO PERFORMANCE® QUALITY ADVANTAGE

GNC Pro Performance® 100% Whey Protein is also tested for banned substances*, providing peace of mind in the highest quality formulation. Our researchers created a superior whey protein formula that not only delivers rapid muscle fueling results, but every flavor has a satisfying, delicious, mouth-watering taste profile. Each serving mixes up instantly with a blender, shaker, or a spoon – it's that smooth and it couldn't be easier. This GNC Pro Performance® 100% Whey Protein is our best whey protein formula ever.

Products bearing this logo have been tested for banned substances by NFL Sport Science, a world-class anti-doping lab.

*Product was tested for over 145 banned substances on the 2012 World Anti-Doping Agency (WADA) Prohibited List via NFL skip lot testing protocol HSPD007. See gnc.com for more information.

STACK WITH PRO PERFORMANCE®: RapidDrive® BCAA 5000™, RapidDrive® Arginine 5000™ and Creatine Monohydrate 5000.

Store in a cool, dry place.

DIRECTIONS: Mix one scoop (33.8g) to 6 fl. oz. of cold water, milk or your favorite beverage and blend well. GNC Pro Performance® 100% Whey Protein can be taken immediately before and/or after your workout. Follow the recommended dosage chart below for best results on both training and non-training days.

Activity	Daily Dose	Protein (g)	Benefits
No Training/Off Day	1/2 - 1 scoop	12 - 24	Helps meet protein needs & fuels metabolism
Cardio Training	1 scoop	24	Replenishes nitrogen for muscle protein synthesis
Resistance Training	1 - 2 scoops	24 - 48	Provides anabolic building blocks, including BCAA
Cardio & Resistance	2 scoops	48	Fuels lean muscle mass & supports optimal recovery

The dosage chart above is a recommendation by GNC Scientists for best results from 100% Whey Protein. It is recommended that the minimum daily dose is at least taken on each day based on activity level.
