

Collagen-Pure® supplies intensive nourishment for the skin.* This advanced beauty formula is specially designed to help revitalize aging skin from the inside-out.*

The Science of Collagen: Collagen is a complex structural protein that makes up nearly 80% of the body's skin! It forms a mesh-like framework that gives strength, texture and shape to the skin, while helping to retain moisture within the deep dermal layers.*

During the aging process, collagen naturally breaks down and diminishes over time – resulting in dry, thin and less resilient skin.* *Loss of collagen is believed to be one of the primary causes of fine lines and wrinkles that occur in naturally-aged skin.**

Collagen Boosters: Collagen-Pure® supplies 2,000 mg of hydrolyzed collagen per day to help replenish the body's supply of this vital protein.* In addition, the formula delivers a wide variety of nutritional compounds to enhance the body's internal production of new collagen.*

Skin Antioxidants: Collagen-Pure® also contributes powerful antioxidant activity to help protect the skin internally from oxidative stress and cell-damaging free radicals.*

‡ Coconut Water solids supply electrolytes. When you consume this ingredient with water it has a hydrating effect on the body.*
