

**If you're serious about performance and results,
you need the ALL-NEW MuscleTech® Performance Series!**

- NO Proprietary Blends
- NO Underdosed Key Ingredients
- NO Banned Substances
- NO Fillers
- NO Hype
- NO Exceptions

Just the Most Powerful Formulas Available

The Most Powerful Creatine Musclebuilder Ever Developed
CELL-TECH™ is a scientifically engineered hardcore creatine formula designed for hardgainers who have trouble putting on size and strength. This patent-protected creatine formula contains core ingredients supported by over 30 research studies conducted over multiple decades. CELL-TECH™ is packed with powerful musclebuilding ingredients and is formulated to deliver:

• Faster Muscle Growth

Each two-scoop serving of CELL-TECH™ delivers 7 grams of HPLC-certified creatine monohydrate and 3 grams of creatine HCl.
*Subjects who consumed the amount of creatine and carbohydrates supplied during the CELL-TECH™ loading stage (see directions) gained, on average, 3.4 pounds of muscle in 7 days. Subjects taking creatine with juice gained only 0.8 pounds. ▲

• Increased Strength

In another study, subjects taking the amount of creatine and carbohydrates found in two scoops of CELL-TECH™ significantly increased their strength on the bench press, leg press, and biceps curl. ▲

• Enhanced Nutrient Transport

Each two-scoop serving of CELL-TECH™ includes 200mg of the powerful compound alpha liponic acid (ALA). Research suggests that ALA helps improve the absorption of creatine and glucose into the muscle cell through specialized transporters. ▲

• More Muscle Size and Fullness

CELL-TECH™ delivers a multi-stage combination of carbohydrates that forces a powerful insulin spike post-workout. This helps shuttle creatine and other nutrients into the muscle and rapidly replenishes glycogen stores, facilitating glycogen supercompensation and an intense muscle-expanding effect. ▲

Other Ingredients: Multi-Stage Carb Blend (Glucose Polymers, Dextrose, Modcarb™ [Oat Bran, Quinoa, Buckwheat, Millet], Waxy Maize [Corn Starch], Highly Branched Cyclic Dextrin), Natural and Artificial Flavors, Citric Acid, Calcium Silicate, Dicalcium Phosphate, Salt, Stearic Acid Or Sunflower Lecithin, Acesulfame-Potassium, Sucralose, FD&C Red No. 40. **Processed In A Facility That Processes Milk, Soy, Egg, Wheat, And Peanut Ingredients.**

DIRECTIONS: Take 1 scoop of CELL-TECH™ with 6 oz. of water immediately following your workout. If you're not training that day, have your serving in the morning when you wake up.

FOR BETTER RESULTS: Take 2 scoops of CELL-TECH™ with 12 oz. of water immediately following your workout. If you're not training that day, take 2 scoops in the morning when you wake up.

FOR BEST RESULTS: For the first 7 days (loading stage): Take 2 scoops of CELL-TECH™ with 12 oz. of water in the morning when you wake up and 2 scoops with 12 oz. of water immediately after your workout. If you're not training that day, take 2 scoops with 12 oz. of water in the morning when you wake up and 2 scoops with 12 oz. of water later in the day. Maintenance stage: Take 2 scoops of CELL-TECH™ with 12 oz. of water immediately following your workout. If you're not training that day, take 2 scoops with 12 oz. of water in the morning when you wake up.
