One serving of Almased provides 25 grams of soy protein.

GENERAL DOSAGE

Mix 8 tablespoons (50g) of the powder with 10–12 oz of cold liquid, such as bottled or filtered water, low fat milk or unsweetened almond milk. Customize your Almased drink by adding your favorite ingredients, for instance cinnamon, ground flaxseeds, vanilla or almond extract or unsweetened cocoa powder.

Prepare in a blender for a smooth and creamy texture. Almased should be made fresh and consumed immediately after mixing. Use as a meal replacement up to 3 times daily or as a wellness drink in addition to your diet. **For additional information, please see the instructions under the lid of the can.**
